

We host **What in the World!** (PowerPoint presentation) game shows at a wide variety of senior living communities throughout the San Francisco Bay Area. \* (See our client list at the bottom of this page).

**What in the World!** shows combine current events, trivia and a section entitled: “WHAT WOULD YOU DO?” inspired by our book, [The Don't Get Me Started! Toolkit- Strategies for a Culturally-Challenged World.](#) Using a multiple choice format, **What in the**

**World!** is very interactive, giving your residents the opportunity to exercise their cognitive skills and socialize while they have fun exchanging ideas and laughter.

For communities outside of our geographic reach, we offer a monthly subscription to **What in the World!** While we believe the optimal mode would be for us to host **What in the World!** in person, there are some distinct benefits to buying the monthly subscription:

- Flexibility in scheduling (Run it whenever your schedule permits)
- Frequency - The ability to run it multiple times (Run it as often as you like)
- Significantly less cost (Use one of your staff members to host it)
- Great filler activity (Run it to fill a sudden gap in your calendar of events)
